

# HALF-HEARTED

The Book of Jonah

## SERIES OVERVIEW

The story of Jonah is about much more than just a man and a big fish. It's really about obediently following God, and what happens when we do that half-heartedly. God will always finish what He calls us to do – even if we aren't giving Him our best – but we'll miss out on so much. Let's allow Jonah's example to reveal where we may be “holding back” from God and missing out on what He wants to do in us and through us.
